The analysis tools listed below and used by us are carried out on the basis of section 6 (1) lit. f GDPR. With the tools we use, we want to ensure that our website is designed to meet your needs and is continually optimized. These interests are to be regarded as legitimate within the meaning of the aforementioned provision.

The analysis tools used are explained below.

6.1. Google Analytics

This website uses Google Analytics, a web analysis service of Google Inc, 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA. Google Analytics uses "cookies", which are text files placed on your computer, to help the website analyze how users use the site. The information generated by the cookie about your use of this website is usually transferred to a Google server in the USA and stored there. However, if IP anonymisation is activated on this website, Google will reduce your IP address within Member States of the European Union or in other states party to the Agreement on the European Economic Area beforehand. Only in exceptional cases will the full IP address be transmitted to a Google server in the USA and shortened there. On behalf of the operator of this website, Google will use this information to evaluate your use of the website, to compile reports on website activity and to provide the website operator with other services relating to website
and Internet use. The IP address transmitted by your browser in the context of Google Analytics is not merged with other Google data. You may refuse the use of cookies by selecting the appropriate settings on your browser, however please note that if you do this you may not be able to use the full functionality of this website. You can also prevent Google from collecting the data generated by the cookie and relating to your use of the website (including your IP address) and from processing this data by Google by downloading and installing the browser add-on available under the following link (http://tools.google.com/dlpage/gaoptout?hl=en). As an alternative to the browser add-on, especially for browsers on mobile devices, you can also prevent Google Analytics from collecting data by clicking on this link. An opt-out cookie is set to prevent future collection of your data when you visit this website. The opt-out cookie is only valid in this browser and only for our website and is stored on your device. If you delete the cookies in this browser, you must set the opt-out cookie again.

For more information on terms of use and data protection, please visit http://www.google.com/analytics/terms/de.html or http://www.google.com/policies/privacy/. Please note that the code "gat._anonymizeIp();" has been added to Google Analytics on this website to ensure anonymous collection of IP addresses (so-called IP masking).

We also use Google Analytics to evaluate data from AdWords and the double-click cookie for statistical purposes. If you do not want this, you can disable it using the Ads Preferences Manager (http://www.google.com/settings/ads/onweb/?hl=en).

6.2. Use of Google AdWords (Remarketing/Conversion Tracking)

Our website uses the service Google Adwords, an online advertising program of Google Inc, 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA.

We use the remarketing function within the Google AdWords service. The remarketing function enables us to present advertisements based on their interests to users of our website on other websites within the Google display network (on Google itself, so-called "Google ads" or on other websites). For this purpose, the interaction of users on our website is analysed, e.g. which offers the user was interested in, in order to be able to display targeted advertising to users even after visiting our website on other pages. To do this, Google stores a number in the browsers of users who visit certain Google services or websites on the Google Display Network. This number, known as a "cookie", is used to record the visits of these users. This number is used to uniquely identify a web browser on a particular computer and not to identify a person; personal data is not stored. You can disable Google's use of cookies by following the link below and downloading and installing the plug-in provided there: https://www.google.com/settings/ads/plugin. For more information about Google Remarketing and Google's privacy policy, please visit: http://www.google.com/privacy/ads/.

In addition, we use the so-called Conversion Tracking when using the Google AdWords service. When you click on an ad served by Google, a conversion tracking cookie is placed on your computer/end device. These cookies lose their validity after 30 days, do not contain any personal data and are therefore not used for personal identification. The information
collected using the conversion cookie is used to generate conversion statistics for AdWords customers who have opted for conversion tracking.

You may refuse the use of cookies by selecting the appropriate settings on your browser, however please note that if you do this you may not be able to use the full functionality of this website. In addition, you can disable interest-based ads on Google and interest-based Google ads on the web (within the Google display network) in your browser by clicking the "Off" button at “For more information about your choices and privacy at Google, please visit [https://www.google.de/intl/de/policies/privacy/?fg=1](https://www.google.de/intl/de/policies/privacy/?fg=1).
